Board Charge:

As described in law, RCW 43.70.675, the PHAB shall:

- a) Advise and provide feedback to the governmental public health system and provide formal public recommendations on public health.
- b) Monitor the performance of the governmental public health system.
- c) Develop goals and a direction for public health in Washington and provide recommendations to improve public health performance and to achieve the identified goals and direction.
- d) Advise and report to the secretary.
- e) Coordinate with the governor's office, department, state board of health, local health jurisdictions, and the secretary.
- f) Evaluate public health emergency response and provide recommendations for future response, including coordinating with relevant committees, task forces, and stakeholders to analyze the COVID-19 public health response.
- g) Evaluate the use of foundational public health services funding by the governmental public health system.
