

ABOUT US

The **Educational Opportunity Gap Oversight and Accountability Committee** is responsible for recommending policies and strategies to the Office of Superintendent of Public Instruction, the Professional Educator Standards Board, and the State Board of Education to close the opportunity gap for students of color.

The **Environmental Justice Council** serves as a forum for Tribes and communities to voice environmental justice priorities and an advisory body to the Governor, Legislature, and agencies named in the Healthy Environmental for All Act.

The **Governor's Interagency Council on Health Disparities** helps state agencies and partners communicate and coordinate to advance health equity, and creates policy recommendations for the Governor and lawmakers to eliminate health inequities in Washington.
