

WA Portal Resource Library resources have been vetted by healthcare providers, professionals, or advisors, to provide a clearinghouse of practice transformation tools.

Save a resource to your Collection

Let's start from the homepage, <https://waportal.org>

If you have not yet created your account, follow instructions here. <https://waportal.org/about-us/learn-about-my-portal>

- Log in to your My Portal dashboard
- Go to the WA Portal Resource Library: <https://waportal.org/resources>
- Search using keywords or filters, or scroll through the alphabetized list
- After you find the resource you want, click its title
- On the right panel, click **ADD TO MY COLLECTION**
- To access your collection, click **Go to My Collection**, on the right panel, or click the link to **my portal** on the top right side of the page

Share a resource from your collection

- Click one of the social media icons (Facebook, LinkedIn, Twitter, or email) below **share**. Clicking these icons will lead you to the respective site to make a post.
- To share a resource on a team page for which you are the manager
 - scroll to the **Team Links** section at the bottom of the page
 - Paste the link of the resource into the URL field. You can assign a name for this link by adding a title in the field **link text**
 - Click **SAVE**.

Rate a resource in your collection

- You'll see **Resource Rating** on the right side of the page. Click the number of stars you would like to give the resource
